

SOLENT SUNBEAM

“MYSTERY” V16

Mystery has been in our family for 35 years, sometimes shared but mainly owned by us.

In recent years we have not been able to use her sufficiently and she sits on the mooring when she should be out racing in, what is now, a really good and competitive fleet.

As we do not sail her much we have not renewed the sails as often as some, and we have not had her scrubbed as regularly as most boats, but when she is clean she is more than competitive and in 2019 she had a (small) number of podium finishes and was 2nd in the ladies race!

We are not planning to entirely leave the fleet, as the sailing is quite superb, but Mystery, while sound, will benefit from a new and enthusiastic owner who prepares her and races her with more intensity than we do at present.

The price is negotiable, but in the region of £10,000. She will be in our boat shed at Emsworth over the winter.
